## SolarWinds® Services

### Unlocking SolarWinds success—why partner with Loop1

#### Who is Loop1?

Loop1 is a prominent global IT Operations Management (ITOM) company and SolarWinds Elite Partner, recognised for its expertise in the SolarWinds Observability and IT Management Platform—we provide the most comprehensive training and professional services for SolarWinds clients across the globe.

We have developed an unrivalled reputation for the way we support our clients. Our engineers are highly trained SolarWinds Certified Professional (SCP) experts with an average of 7+ years of SolarWinds experience per engineer and a thorough understanding of the practical issues involved in managing networks, applications, databases, and monitoring and observability solutions.

**We understand that our partners are the foundation of our success.** Your trust and collaboration are instrumental in delivering exceptional SolarWinds services to clients worldwide. We value our partnership and want to highlight how working with Loop1 can help you elevate your client relationships, fostering long-term loyalty.

- **Comprehensive Professional Services**  
By offering a range of professional services, you can provide clients with end-to-end solutions that meet their specific needs. Our tailored approach ensures clients get the most value from their SolarWinds investments, making you an invaluable partner.
- **Client Satisfaction and Stickiness**  
Delivering top-tier SolarWinds services not only meets immediate needs but also positions you as a trusted advisor for the long term. Clients who see the tangible improvements and efficiency gains from our services are more likely to remain loyal and continue working with you.
- **Instructor-Led Training**  
Empower your clients with expert knowledge through our instructor-led training programs. Equipping them with the skills to effectively manage their SolarWinds environment adds value and enhances your position as a solution provider that genuinely cares about client success.
- **Strengthened Client Trust**  
Our track record of excellence in SolarWinds services and a team of certified experts inspire client trust. They know they're in capable hands, which solidifies your role as a partner that consistently delivers value.
- **Collaborative Success**  
Working with Loop1 means being part of a network of like-minded professionals. You benefit from shared insights, best practices, and ongoing support, allowing you to continually improve your services and client relationships.

LET'S TALK

Loop1 is a prominent global IT Operations Management (ITOM) company and SolarWinds Elite Partner, recognised for its expertise in the SolarWinds Observability and IT Management Platform, alongside a range of complementary solutions. We help our clients to 'Know What's Next' through our unique ITOM methodology L1M3 (Loop1 Monitoring Maturity Model 'LIME'), which delivers a simplified roadmap and scorecard to enable organisations to plan, deploy and measure their digital transformation projects, and improve the value of their overall IT operations. Headquartered in Austin, TX, United States, with offices in the United Kingdom, Ireland, Germany, and Sri Lanka, the group has more than 110 employees across four continents, clients in more than 60 countries, and 38+ SolarWinds Certified Professional (SCP) engineers.
